SUMMARY

Results-driven Web Developer with 2+ years of professional experience delivering responsive, high-performance web applications. Proficient in React.js, Laravel, Node.js and Shopify theme development. Experienced in REST API design, CRUD operations, and end-to-end frontend-backend integration. Currently contributing to live client projects at Shde Agency with a strong focus on clean code, UI/UX quality, and on-time delivery.

EXPERIENCE

Web Developer | Shde Agency *1.5+ Years*

- Developed responsive, cross-browser web interfaces using HTML5, CSS3, Bootstrap 5 and JavaScript (ES6+)
- Built dynamic single-page applications and reusable component libraries using React.js and hooks
- Designed and deployed custom Shopify themes using Liquid templating; integrated payment gateways and apps
- Developed RESTful APIs and backend modules using Laravel (MVC architecture) and Node.js
- Implemented authentication systems, CRUD operations, and database management with MySQL
- Collaborated on 5+ live client projects using Git/GitHub workflows with cross-functional teams
- Improved page load performance by 30% through code optimization and lazy loading techniques
- Resolved cross-browser compatibility issues and production bugs with fast turnaround

PROJECTS

Web Application | Laravel · React.js · MySQL · REST API

- Architected web application with React.js SPA frontend and Laravel REST API backend
- Implemented JWT authentication, role-based access control, and full CRUD with MySQL
- Built reusable React components and integrated multiple third-party APIs

Shopify Custom E-Commerce Store | Shopify · Liquid · JavaScript · CSS

- Built a fully custom Shopify theme from scratch using Liquid templating and custom CSS
- Integrated Razorpay/Stripe payment gateways, product filters, and dynamic cart
- Optimized for mobile-first experience and fast Google PageSpeed scores

Responsive Business Website | HTML5 · CSS3 · Bootstrap · JavaScript

- Designed and developed a fully responsive multi-page business website with animations
- Focused on pixel-perfect UI, SEO best practices, and Core Web Vitals optimization
